Title:	Digital subchannel transceiver for transmitting data		

COMMENTS ON STATEMENT FOR REASONS FOR ALLOWANCE

Mail Stop Issue Fee
Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Applicants gratefully acknowledge the allowance of claims 6, 8, 19, and 20 (renumbered 1-4) in the above-referenced application. While Applicants believe that the claims are allowable, Applicants do not acquiesce that patentability resides solely in each identified feature or combination of features, exactly as expressed by the Examiner, or that each feature or combination of features identified is required for patentability, or that equivalents of any of the recited features are outside the scope of the claims. Moreover, to the extent the Reasons for Allowance do not separately address the subject matter of each claim, Applicants do not acquiesce to any inference that any one claim does not present patentable subject matter independent of any other claim.

Respectfully submitted,
Brake Hughes Bellermann LLP
